ULTRABOOST 2000A LITHIUM JUMP STARTER

ULTRABOOST 2000A is a powerful jump starter capable of starting 8L petrol and 4L diesel engines, making it suitable for cars, vans and motorhomes. Additional boost function will jump-start completely depleted batteries.

Ringtelligence is built in to ensure safe connection with anti-spike, short-circuit protection and reverse polarity protection, protecting the user and the vehicle.

The colour screen provides status updates making it intuitive and easy to use. The USB-C port with PD65W fast charge technology allows for fast recharging of the ULTRABOOST unit and high power delivery to recharge devices such as laptops, tablets and phones.

- **ULTRABOOST.** Enables users to safely start vehicles with completely depleted batteries
- **Powerful delivery.** With Peak Amps of 2000A and 400A Starting Amps for engines up to 8L Petrol and 4L Diesel
- **PD65W technology.** Enables rapid recharging and fast charging of devices such as laptops, tablets and phones
- **Colour status screen.** Enhances usability with a clear visual feedback display with audio warnings
- **Ringtelligence technology.** Keeps users safe with reverse polarity protection and spark-free design
- **Unique ergonomic smart clamp battery terminal.** For secure, safe connection with easy reach cables perfect for harder to reach batteries
- **Multifunctional LED light.** Illuminates dark areas including SOS mode for emergencies
- **Anti-slip base.** To stop the unit sliding on the engine bay
- **Suitable for START/STOP batteries.**
- **Rechargeable.** Fast recharging via included USB-C cable
- **Compact and lightweight.** Making it easy to handle and store within the vehicle
- **Protective storage case included**

Specifications

Product Code	RJS040
Lithium Battery Capacity	16000mAh
Start Current	400A
Peak Current	2000A
USB-C (Input/Output)	PD65W
USB-A (Output)	Quick Charge 5V, 2.4A
Charging Time	<1.5 hrs
Weight	800g
Dimensions	L240 x W105 x D50mm
Quantity	4 x 1
Barcode	5055175265513

Ringtelligence technology®

SAFECONNECT

In-built safety features to protect from accident or incorrect use, including:

Reverse polarity protection

Anti-spike protection

Short circuit protection
