The Autel 12-Piece Adapter Kit is a dedicated expansion accessory designed to enhance the functionality of the Autel XP400 PRO Key & Chip Programmer. This optional kit provides additional adapters required for advanced key programming, EEPROM, MCU, and specialised immobiliser operations across a wider range of vehicle systems.

Built for professional locksmiths and diagnostic technicians, the kit improves workflow efficiency and expands compatibility when performing complex programming tasks.

⚠️ Important: This kit includes adapters only – XP400 PRO device is NOT included.

KEY FEATURES

- Expands programming capability of the XP400 PRO

- Supports advanced IMMO, EEPROM, and chip operations

- Enables wider vehicle coverage and specialised functions

- Professional-grade adapters for reliable connections

- Organised storage case for safe transport and quick access

- Ideal for automotive locksmiths and advanced diagnostics
