Specifications

PAD IX Link

SUNLIGHT READABLE

The X-431 PAD IX uses the optical bonding technique of light penetration and non-reflection to achieve readability in sunlight.

THINER & LIGHTER

The large but lightweight brand-new design makes it easy portability.

ULTRA LARGE STORAGE

12GB memory and 512GB storage, no concerns about storage issues.

HIGHER SCAN EFFICIENCY

Multi-channel system scanning speeds up by about 10 times.

UPGRADED OPERATING SYSTEM

The Android 13 operating system enhances the speed and smoothness of the user experience.

SECURE CONNECTION

SmartLink C DB15 Interface provides a more secure connection, preventing communication interruptions.

INNOVATIVE SMARTLINK C V3.0

New concept hardware design enhanced Wi-Fi communication.

Type C, Type A, DC IN, Micro SD, Mini HDMI

DB15 Diagnostic Interface

Heat Sink

Power/Screen Lock Key

0°-180° Kick-stand

LAN/WAN Port, Data I/O port & DC-IN Power Jack

SPECIFICATION (Tablet)

Operating System	Android 13
CPU	2.0GHz, Octa-Core
Memory	12G
Storage	512G
Display	13.6 inch, 2560x1600
Battery	9,360 mAh@7.6V/71.1Wh
Camera	Rear 20MP, Front 8MP
VCI Connection	2.4GHz&5GHz Dual Wi-Fi
Interface	Type C, Type A, DC IN, Micro SD, Mini HDMI
Size	377*246*35mm

CONNECTORS/CABLES
