

Cockpit Spray citrus

Description

Cleans and maintains all plastic parts in the car. Gives the cockpit a silky matt look. Has a dust-repellent and antistatic effect and protects the plastic against brittleness. Also has a pleasant citrus fragrance.

Properties

- refreshes plastics
- regenerates plastic
- antistatic effect (dust repellent)
- creates a silky matt look
- smells like citrus

Technical data

Base	silicones, treatment preparation
Odor	lemon
Color / appearance	colourless
Form	aerosol, flüssig
Propellant	propane, butane

Areas of application

For the care of plastic parts in the vehicle interior, particularly in cockpits.

Application

1. Surfaces which are heavily contaminated must be thoroughly cleaned with Car Interior Cleaner before treatment. 2. Then spray on a thin layer of Cockpit Care. 3. Allow to dry for a short period and then rub with Microfiber Cloth (part no. 1651) or a soft cloth. Note: Do not use for steering wheels, pedals, seat surfaces or gear lever knobs as there is a risk of slipping.
