

## Windshield antifreeze concentrate

### Description

Concentrate with surfactant cleaning and antifreeze components. Cleans gently and provides a clear view and thus more safety when driving. Prevents freezing of the windshield washer unit as well as icing up of nozzles at temperatures down to approx. -52 °C. Does not react with plastics, rubber or paints and is thus also suitable for vehicles with headlamp washers and plastic lenses made of polycarbonate.

### Properties

- assures a clear view and safety
- does not attack plastics, rubber and paints
- improves the sliding properties of wiper rubbers
- extends the service life of wiper rubbers
- suitable for fish-tail nozzles
- gentle cleaning
- suitable for polycarbonate
- prevents the windshield washer unit from freezing up

### Available pack sizes

3 l Canister plastic	21679
	D-GB
5 l Canister plastic	21757
	D-GB

### Technical data

Form	liquid
Color / appearance	blue
Odor	characteristic
Flash point	23,5 °C
pH value	7,5
Density at 20 °C	0,9 g/cm <sup>3</sup>

### Areas of application

For all passenger and commercial vehicle windshield washer units. Also suitable for fan nozzles as well as for LED and xenon headlamps and clear-glass style plastic lenses made of polycarbonate.

### Application

Fill the concentrate into the windshield washer reservoir and dilute with water based on the desired frost protection.

Mixing table:

Product	Water	Protection to
1 part	2 parts	-9 °C
1 part	1 part	-17 °C
2 parts	1 part	-30 °C
1 part	-	approx. -52 °C

### Available pack sizes

1 l Bottle plastic	21678
	D-GB
