Product information

Marine Winch Grease

Description

Synthetic high-performance grease with PTFE solid lubricants specially developed for all kinds of winching and hoisting applications. The solid lubricant provides the ultimate in wear protection and reduces friction. Resistant to seawater and saltwater with excellent adhesive properties. Does not contain resins or acids.

Winschfett Winschfett Winschfett Winschfert Winsc

Properties

- excellent high-pressure and wear protection properties
- outstandingly adherent
- outstanding sea and salt water resistance
- ensures a long service life

Technical data

Brief description KHCF1N-35

Saponification type gel

Base Syntheseöl / synthetic oil

Operating temperature

range

Color / appearance weiß / white

NLGI number 1

DIN 51 818

Dropping point ohne/without

DIN ISO 2176

-35 bis +150 °C

Base oil viscosity 40°C 440 mm²/s

DIN 51 562

Water resistance 0

DIN 51807

Areas of application

Ideally suited for winching and hoisting applications with non-ferrous metal pairings and plastic/metal pairings. Powerful adhesive properties and neutral in respect of harmful environmental factors.

Application

Before treating, the surfaces must be clean and free from residues, dirt and moisture.

Available pack sizes

100 g Tube plastic 25045

D-F-I-E-GR

100 g Tube plastic 25046

GB-DK/N-FIN-S-RUS
