PRODUCT SPECIFICATION

PRODUCT NAME: EINHELL QUATTRO BATTERY CHARGER

MODEL / RANGE: 2x2 Power X-Quattrocharger 4A

18V / 4A / 4 BATTERY SLOTS

PRODUCT IMAGE

PRODUCT FEATURES

- Compatible with all Einhell Power X-Change batteries
- Four battery slots using one mains connection
- Charges two opposing batteries simultaneously
- Automatically switches to the next waiting battery
- 4A fast-charging technology
- Temperature and voltage monitoring during charging
- Refresh mode for deeply discharged batteries
- Six-stage LED status display for each battery
- Integrated carrying handle for easy transport

PRODUCT DESCRIPTION

Keep Power X-Change batteries ready for work with the Einhell 2x2 Power X-Quattrocharger 4A. Four slots accommodate your batteries while two opposing packs charge at the same time. Automatic switching starts charging the next waiting pack, reducing manual changeovers. Fast charging, individual status LEDs and an integrated handle make it a practical charging station for the workshop or job site.

PRODUCT SPECIFICATION

PRODUCT NAME: EINHELL QUATTRO BATTERY CHARGER

MODEL / RANGE: 2x2 Power X-Quattrocharger 4A

18V / 4A / 4 BATTERY SLOTS

TECHNICAL DATA

Product type: Power X-Change battery charger

Battery platform: Einhell Power X-Change, lithium-ion

Output voltage: 18 V DC

Charging current: 4 A

Battery slots: 4

Simultaneous charging: Maximum 2 batteries, one on each side

Charging sequence: Automatic switching to the next waiting pack

Mains input: 220-240 V AC, 50-60 Hz

Rated input power: 195 W

Charge monitoring: Temperature and voltage monitoring

Status display: Six-stage LED display per battery

Refresh mode: Supported

Carrying handle: Integrated

Installation: Freestanding; not suitable for wall mounting

Product weight: 1.29 kg

ADDITIONAL INFORMATION

Four slots do not mean four batteries charge simultaneously. A maximum of two batteries charge at once; the charger then switches automatically to waiting batteries. Use only compatible Power X-Change lithium-ion packs and keep the charger dry and ventilated.
