

The compact, lightweight and versatile HD 5/15 C cold water high-pressure cleaner offers outstanding mobility and is suitable for both vertical and horizontal operation. The machine is fitted with sophisticated accessory storage, and the brass cylinder head and automatic pressure relief ensure a long service life. At the same time, it impresses with innovative new developments that increase working convenience for the operator in the long term by ensuring effortless operation and time-saving set-up and dismantling. The EASY!Force high-pressure gun makes use of the recoil force of the high-pressure jet to reduce the holding force to zero, while the EASY!Lock quick-release fasteners make handling five times faster than with conventional screw connections, without compromising when it comes to robustness and longevity. Overall, a comprehensive equipment package for excellent cleaning results, with a high level of convenience and a long service life.

## Features

### Quality

- The automatic pressure relief protects the components and extends the service life of the machine.
- High-quality brass cylinder head.
- Large, easy-to-reach water fine filter for protecting the pump against dirt particles in the water.

### Accessory storage

- Screw connection (M 18 × 1.5) for storing a Surface Cleaner directly on the machine.
- Practical nozzle compartments for triple nozzle and rotary nozzle.
- Rubber strap for fixing the pressure hose.

## Specifications

• Supply voltage (Ph/V/Hz)	1 / 230 / 50
• Flow rate (l/h)	500
• Inlet temperature (°C)	60
• Working pressure (bar/MPa)	150 / 15
• Max. pressure (bar/MPa)	200 / 20
• Connected load (kW)	2,8
• Power cable (m)	5
• Nozzle size (mm)	32
• Water inlet	3/4"
• Weight (with accessories) (kg)	25,7
• Weight incl. packaging (kg)	28,2
• Dimensions (L x W x H) (mm)	380 x 360 x 930
•
