

Single-phase model with maximum power and a 600 l/h water flow: the user-friendly HD 6/15-4 Classic is synonymous with user-friendliness, compact dimensions, lightweight design and high cleaning efficiency as well as profitability. The high quality components built into our high-pressure cleaners allow for continuous use with impressive durability. The machine also scores with serviceability; all relevant parts are easily accessible. The impressive storage options offer enough space for the nozzle, lance and other accessories.

Features

Durable and robust

Extra large crankshafts and connecting rods with robust ball bearings. Ceramic pistons for reduced wear and tear. High performance sealing packages for longer working times.

Especially easy to maintain

Wide-opening machine cover for easy access to all service and maintenance-relevant components. Large water fine filter for protecting the pump. Integrated nozzle storage. Improved cleaning performance

Patented Kärcher power flat jet nozzles: up to 40 percent more impact force than conventional nozzles. High area coverage and thorough dirt removal.

Excellent mobility

Large wheels and ergonomic push handle ensure optimal turning maneuverability and easy handling.

The foldable push handle enables space-saving storage.

Specifications

- Supply voltage (Ph/V/Hz) 1 / 220 - 240 / 50
- Flow rate (l/h) 450 - 600
- Inlet temperature (°C) 60
- Working pressure (bar/MPa) 70 - 150 / 7 - 15
- Max. pressure (bar) 190
- Connected load (kW) 3,4
- Weight (with accessories) (kg) 48,7
- Weight incl. packaging (kg) 60
- Dimensions (L x W x H) (mm) 709 x 469 x 1000
