

The very lightweight HD 7/11-4 Classic is the single-phase entry-level model of the HD Classic family. The intuitive and therefore particularly easy-to-operate high-pressure cleaner is designed for AC operation and facilitates effective working with a water flow of 700 l/h. High-quality components such as the ceramic piston and innovative sealing technology guarantee a long product lifetime. Despite its compact size, the HD 7/11-4 Classic offers sufficient storage space for the nozzle, lance and other accessories. And the outstanding service friendliness speaks for the machine: all important machines parts are optimally accessible.

## Features

### **Durable and robust**

Extra large crankshafts and connecting rods with robust ball bearings. Ceramic pistons for reduced wear and tear. High performance sealing packages for longer working times.

### **Especially easy to maintain**

Wide-opening machine cover for easy access to all service and maintenance-relevant components. Large water fine filter for optimal protection of the pump. Integrated nozzle storage.

### **Improved cleaning performance**

Patented Kärcher power flat jet nozzles: up to 40 percent more impact force than conventional nozzles. High area coverage and thorough dirt removal.

### **Excellent mobility**

Large wheels and ergonomic push handle ensure optimal turning maneuverability and easy handling.

The foldable push handle enables space-saving storage.

## Specifications

- Supply voltage (Ph/V/Hz) 1 / 220 - 240 / 50
- Flow rate (l/h) 520 - 700
- Inlet temperature (°C) 60
- Working pressure (bar/MPa) 70 - 110 / 7 - 11
- Max. pressure (bar) 150
- Connected load (kW) 2,9
- Weight (with accessories) (kg) 51,6
- Weight incl. packaging (kg) 59,6
- Dimensions (L x W x H) (mm) 709 x 469 x 1000
