

FEATURES

- Kit allows easy identification of compression problems
- Detector measures exact leakage amount and locates leaks area
- To inspect the capacity of cylinder leakage, capacity 0-7 bar,
- while the cylinder system pressurize it must reach 7 bar.
- M10×1.0 Adaptor – M12×1.25 Adaptor – M14×1.25 Adaptor – M14×1.25 Extra Long Adaptor
- Compression Test Adaptor 1 – dsigned for 12mm spark plug.

SPECIFICATIONS

- This Adaptor Suitable for following vehicles:
- BMW 335i E90, 2006 model, N54 engines
- BMW Mini Cooper
- Mercedes Benz M156 (AMG model manufactured from 2006 and onwards)
- Peugeot 207, 307
- Renault 1.2 16 Valve
- Compression Test Adaptor 2 – 14mm spark plug specially use on V6 and 16
- Valve engines with deep seated spark plug port.
- 25" rubber hose with Adaptor fit 14 and 18mm spark plug hole.
- Engine Code:
- N54
- Year:
- 2006 to Current
- Model Codes:
- E60/E81/E82/E88/E89/E90/E91/E92/E93/F01/F10
- Model:135i / 1M/ 335i/ X6 xDrive35i/ Z4 sDrive35i/ 740i
