

FEATURES

- Metal band saws with swivel saw bow. S 275G with continuously adjustable saw blade speed
- Silent run
- Stable cast execution
- High cutting accuracy due to vibration-free running
- Lowering of the saw arm via hydraulic cylinder with throttle valve infinitely adjustable
- Micro switch for automatic limit switch
- Coolant system
- As standard with high-quality bi-metal saw band
- Adjustable material stop for serial work
- Easy to read scale for angle adjustment
- Overload protection

SPECIFICATIONS

- | | |
|---|-------------------------------|
| • Electrical Connection: 230 V / 1 Ph | • Cutting Capacity: |
| • Motor Power: 1.5 kW | • 0° Circle: 225 mm |
| • Lifting the Saw Bow: Manual adjustment | • 0° Square: 150 mm |
| • Infeed: Infinitely variable for flexible material feeding | • 0° Rectangle: 150 x 230 mm |
| • Saw Blade Speed: 20 – 90 m/min | • 45° Circle: 145 mm |
| • Saw Blade Dimensions: 2,480 x 27 x 0.9 mm | • 45° Square: 145 mm |
| • Cutting Angle: 0° to 60° for versatile cutting options | • 45° Rectangle: 145 x 180 mm |
| • Net Weight: 185 kg | • 60° Circle: 90 mm |
| | • 60° Square: 90 mm |
| | • 60° Rectangle: 90 x 120 mm |
