

The innovative “water suction” of the new electric window vac WV 50 Plus makes the cleaning process a lot easier. No dripping down of dirty water anymore. In this way the WV 50 Plus guarantees a hygienic working without leaving streaks at the surface. The WV 50 Plus is very convenient in handling and due to battery operation very flexible in application. The spray bottle with microfibre pad and the detergent concentrate offer an optimal solution for a perfect cleaning result.

Features

Drip-free and streak-free results

Thanks to electric water vacuuming, dripping water is now a thing of the past. For sparkling clean windows.

Completely hygienic

Quick and simple tank emptying without coming into contact with dirty water.

Diverse applications

The Window Vac can be used on all smooth surfaces such as tiles, mirrors and shower cabins.

The original

Original Kärcher quality from the inventor of the Window Vac.

Three times faster

Window cleaning is three times faster with the battery-powered window vac than with conventional methods.

Specifications

- Working width of suction nozzle (mm) 280
- Dirty water container capacity (ml) 100
- Battery run time (min) 20
- Battery charge time (min) 120
- Battery type Lithium-ion battery
- Cleaning performance per battery charge
 - Approx. 60 m² = 20 windows
- Supply voltage (V/Hz) 100 - 240 / 50 - 60
- Weight incl. battery (kg) 0,7
- Weight incl. packaging (kg) 1,2
- Dimensions (L x W x H) (mm) 130 x 280 x 355
